

July 4, 2019

Halifax Water and the Halifax Regional Municipality are upgrading infrastructure on **Wanda Lane, Tobin Drive and Ronald Court**. Halifax Water's work includes the replacement of the water and wastewater system in various areas, the addition of a deep stormwater system on Wanda Lane, and channel improvements in Ellenvale Run. The municipality is undertaking various street improvements including curb, gutter and sidewalk work, as well as the replacement of the bridge on Tobin Drive.

Project Update - Weeks of July 1 & July 8

Wanda Lane

- Strip asphalt July 2-12 (intermittently)
- Sanitary Main installation July 2-12
- Storm Main installation July 2-12
- Sanitary and storm services July 4-12

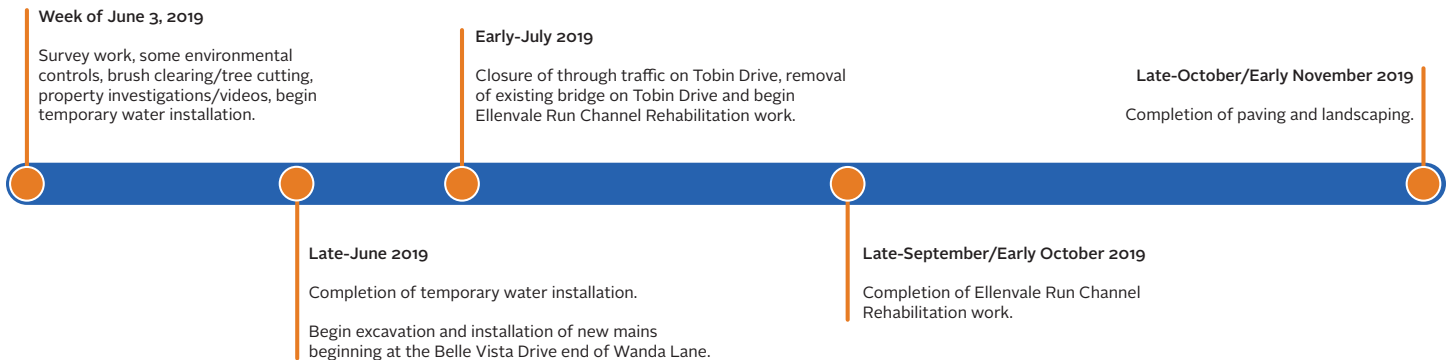

Tobin Drive

- Relocation of Aliant utility pole July 4-5
- Removal of existing surface features and box culvert July 8-10
- Sanitary sewer July 11-12

Ellenvale Run

- Install dam and by-pass pumping operation July 2-5
- Electrofishing July 5
- Removal of existing riverstone July 9
- Infill channel for access July 10-12

Project Timeline

What to Expect

Activities include excavation in the street to replace buried pipes, replacement of the bridge crossing at Tobin Drive, and upgrades to the streets and sidewalks. At the rear of some properties, excavation will occur along the edge of Ellenvale Run. Crews will make every effort to maintain road and sidewalk access during this project. Residents may experience periodic traffic delays or rerouting during this time, especially during the bridge replacement.

The in-stream work to be performed along Ellenvale Run will involve the placement of precast concrete sections into the channel and the addition of natural stone and vegetation. This will improve the stability of the channel as well as add natural habitat features.
