

November 1, 2019

Halifax Water and the Halifax Regional Municipality are upgrading infrastructure on **Wanda Lane, Tobin Drive and Ronald Court**. Halifax Water's work includes the replacement of the water and wastewater system in various areas, the addition of a deep stormwater system on Wanda Lane, and channel improvements in Ellenvale Run. The municipality is undertaking various street improvements including curb, gutter and sidewalk work, as well as the replacement of the bridge on Tobin Drive.

Project Update - Weeks of November 4 & November 11

Wanda Lane

- Placement of gravels for curb and roadway
- Curb gutter and sidewalk placement
- Water main test/chlorinate/dechlorinate
- Start driveway reinstatements
- Landscape reinstatements
- Paving base-lift
- Temporary water removals

Ronald Court

- Driveway reinstatements
- Asphalt base-lift
- Landscape reinstatements
- Temporary water removals

Tobin Drive

- Curb gutter and sidewalk placement
- Start driveway reinstatements
- Retaining walls
- Landscaping reinstatements
- Driveway reinstatements
- Asphalt base-lift

Ellenvale Run

- Handrail installation
- Channel wall extensions
- Reinstatements/landscaping
- Complete river stone placement
- Embankment reinstatements

Street Parking & Access to Driveways

Throughout November, the contractor, Dexter Construction will be working to install sidewalks, curbs, gutters and then lay asphalt. This work involves the precise placement and compaction of gravel, followed by concrete form installation, concrete pouring, finishing, and curing time.

This work will take place in a number of phases, each phase will require a section of the project area to be closed to traffic/parking/driveway access.

Going forward, Dexter Construction will communicate directly with residents with regard to street parking and driveway access restrictions. Efforts will be made to give ample notice before a section of the project area is inaccessible by vehicle.

We thank you for your cooperation.
