

June 4, 2020

Dexter Construction, on behalf of Halifax Water and Halifax Regional Municipality, will be upgrading infrastructure on Federal Avenue, Romans Avenue and McAlpine Avenue.

Halifax Water's work will include the installation of new water main and storm sewer. The municipality will be undertaking various street improvements, including curb, gutter and new pavement work. See the map on the back of this notice for more project details.

Project Work: June 8 - 19, 2020

Federal Avenue

- Continued stormwater main installation from 3323 Federal Avenue to Romans Avenue.
- Crews will then go back to install the water main above that section of stormwater main.

McAlpine Avenue

- Continued stormwater main installation on McAlpine Avenue and through the nearby walkway to Federal Avenue.
- Crews will then go back to install the water main above that section of stormwater main.

Miscellaneous Work

- Crews will be installing catchbasins in various places within the project area.
- Sections of curb and sidewalk will be reinstated on Federal Avenue.

Construction During COVID-19

From time to time, you will see workers within 2 metres of each other while they work to maintain the critical water, wastewater, and stormwater infrastructure serving your home. Every effort will be made to maintain the 2 metre distance amongst workers, however, some tasks cannot be completed safely otherwise. As an essential service, in these instances, Halifax Water and its contractors are exempt from the current 2-metre social/physical distancing rules. Halifax Water and its contractors will use additional PPE to protect themselves when undertaking these activities.

We ask that residents please ensure they give construction crews at least 2 metres of distancing as well.
