

June 18, 2020

Dexter Construction, on behalf of Halifax Water and Halifax Regional Municipality, will be upgrading infrastructure on Federal Avenue, Romans Avenue and McAlpine Avenue.

Halifax Water's work will include the installation of new water main and storm sewer. The municipality will be undertaking various street improvements, including curb, gutter and new pavement work. See the map on the back of this notice for more project details.

## Project Work: June 22 - July 3, 2020

### Federal Avenue

- Continued work on water main installation.
- Installation of catchbasins.

### McAlpine Avenue

- Continued stormwater main installation through the walkway between McAlpine Avenue and Federal Avenue.
- Crews will then go back to install the water main above that section of stormwater main.

### Miscellaneous Work

- Sections of curb and sidewalk will be reinstated on Federal Avenue and McAlpine Avenue.

## Construction During COVID-19

From time to time, you will see workers within 2 metres of each other while they work to maintain the critical water, wastewater, and stormwater infrastructure serving your home. Every effort will be made to maintain the 2 metre distance amongst workers, however, some tasks cannot be completed safely otherwise. As an essential service, in these instances, Halifax Water and its contractors are exempt from the current 2-metre social/physical distancing rules. Halifax Water and its contractors will use additional PPE to protect themselves when undertaking these activities.

We ask that residents please ensure they give construction crews at least 2 metres of distancing as well.
