

July 16, 2020

Dexter Construction, on behalf of Halifax Water and Halifax Regional Municipality, will be upgrading infrastructure on Federal Avenue, Romans Avenue and McAlpine Avenue.

Halifax Water’s work will include the installation of new water main and storm sewer. The municipality will be undertaking various street improvements, including curb, gutter and new pavement work. See the map on the back of this notice for more project details.

Project Work: July 20 - 31, 2020

Romans Avenue

- Continued work on stormwater main and water main installation.
- Installation of catchbasins.
- Wastewater main connection at intersection of Romans Avenue and Bayers Road. This work is scheduled to take 24 hours to complete. A separate notice will be distributed to impacted customers regarding this work.

Federal Avenue

- Temporary water connections are being disconnected, properties in these areas will be without water service for a brief period while crews connect the private water lateral to the new public water lateral.
- Crews will continue reinstatement work.

McAlpine Avenue

- Crews will continue reinstatement work.

Construction During COVID-19

From time to time, you will see workers within 2 metres of each other while they work to maintain the critical water, wastewater, and stormwater infrastructure serving your home. Every effort will be made to maintain the 2 metre distance amongst workers, however, some tasks cannot be completed safely otherwise. As an essential service, in these instances, Halifax Water and its contractors are exempt from the current 2-metre social/physical distancing rules. Halifax Water and its contractors will use additional PPE to protect themselves when undertaking these activities.

We ask that residents please ensure they give construction crews at least 2 metres of distancing as well.
